Providing Education and Lifeskills for a Positive Future

Date: _____

Dear _____,

We are pleased to tell you that your child, _____ has been selected to participate in one of the mentoring programs the Mentoring Center offers.

The purpose of this program is to help your child reach his/her fullest potential, while supporting a positive relationship between your child and a responsible member of our community.

Your child will be visited by a mentor who will spend a minimum of one hour per week with your child. The mentor and the mentee will meet either during school time or after school hours depending on what best suits your child's needs.

The mentor and the mentee will spend time together working on projects of mutual interests that will also emphasize the fun of learning and positive adult/child friendships. They will also be focusing on taking steps to get the child into the workforce, using fun, learning tasks.

We look forward to being a positive contribution to your child's development. I hope that you will not hesitate to contact the Mentoring Center with any concerns you might have regarding your child's involvement with the mentoring program. Please sign below if you are in support of your child's participation in the program, and return this form to your child's teacher or to the Mentoring Center directly.
